JFW 2024 PRESS RELEASE

## "Stranger Than Fiction"

by Shop At Velvet

Shop At Velvet introduces its latest collection, "Stranger Than Fiction," an evocative quest of exploration that captures the essence of a collection defying conventional fashion narratives—a realm where imagination meets actuality.

"Stranger Than Fiction" delves into the interplay between the tangible aspects of exploration, translating into an inventive fashion statement. The collection suggests a quest for new ventures, where each piece challenges traditional aesthetics and explores the surrealism of unfamiliarity.

## The Essence

In this collection, Shop At Velvet's quest for new ventures relies on the exploration of familiarity in materials and textures: suede, leather, white lace, blue denim, and sheer fabrics. This results in a collection that elicits a feeling of intimate expression.

## Materials and Design Philosophy:

Suede and leather are classic materials that are reinterpreted with boldness, creating pieces that are both sumptuous and grounded.

The rich textures provide a striking contrast to the collection's lighter elements, grounding the ethereal in tangible depth.

Lace, traditionally associated with romance and intimacy, is juxtaposed with modern minimalist designs to evoke a sense of elegance. This contrast highlights the tension between familiarity and exploration, blending tradition with contemporary flair.

Adding Denim, known for its everyday appeal, is elevated through innovative cuts and unexpected details. This reinvention challenges perceptions and introduces new narratives, combining sheer fabrics that are ethereal and fluid. Sheer fabrics evoke a sense of mystery, as their translucent nature allows for a play between visibility and concealment, reflecting the collection's exploration of new ventures.

The "Stranger Than Fiction" collection invites us to step into a quest of exploration into the realm of intimate aesthetics—a celebration of presentation that transcends relatability and offers a glimpse into a realm that is as passionately personal as it is inspiring.
